

ICT 2011

PROPOSERS' DAY
BUDAPEST
19-20 May

NETWORKING FOR EUROPEAN ICT
RESEARCH & DEVELOPMENT

Would you like to know more about the funding opportunities offered by the European Union in the field of ICT research and development?

Are you interested in the upcoming calls for proposals and are you looking for the right partners to form project consortia?

If your answer is yes, your place is at the ICT Proposers' Day 2011 in Budapest!

This two days event is free of charge and is a unique opportunity to build quality partnerships and to receive first-hand information from European Commission officials experienced in each of the Challenges and Objectives of the FP7 ICT Work Programme 2011-2012.

Objectives of the Event

ICT Proposers' Day 2011 is an event especially dedicated to networking and promoting research and development in the field of Information and Communication Technologies. The event will both mobilise academia and business sector, SMEs and government actors from all over Europe, and it will provide a platform for building partnerships and exchanging ideas for participating in Calls 8 and 9 of the FP7 ICT Work Programme, which together offer more than one billion euros of EU funding.

In addition, more than 100 Commission officials will be present to provide information on the content of the calls for proposals and advise you on how to submit your proposal.

Structure of the Event

Following the great success of the ICT Proposers' Day 2009, the 2011 event will also be organised as an information fair.

- This event will take place in Budapest under the auspices of the Hungarian Presidency to the European Union.
- It will consist of two half days (19th of May afternoon and 20th of May morning) allowing sufficient time for networking.
- Networking sessions will be organised according to the Challenges and Objectives of the ICT Work Programme.
- The stands on the Challenges and Objectives will be manned by Commission officials and will serve as meeting points for interested people.
- There will be large areas for a more informal way of establishing partnerships.

Register for ICT Proposers' Day 2011 free of charge!

Just login to the ICT Proposers' Day 2011 website and follow the registration link. If you already have a profile on the ICT 2010 event website, you can simply re-use your username and password.

Prepare in advance on the website!

Take a full advantage of the virtual networking opportunities provided through the ICT Proposers' Day webpage to make the best out of the event:

- Meet your future partners virtually on the Internet site through an on-line communication forum.
- Alert other visitors about your proposal ideas or your research expertise.
- Leave your comments and express your interest.
- Submit a presentation to explain your proposal idea during one of the sessions of the event.
