

FORESTALE

the quality which defies the time

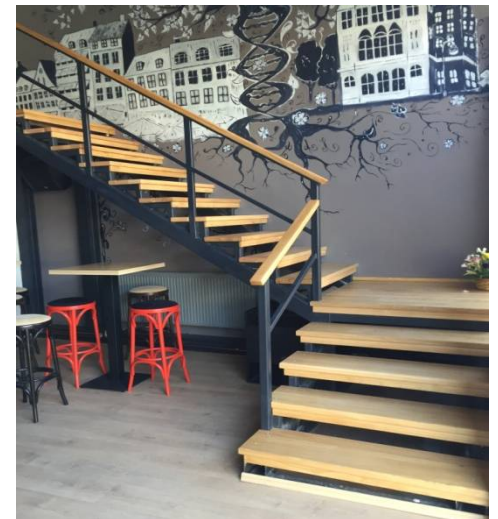

SC FORESTALE SRL
Romania

The company was created in 2003, having as main object of activity working the wood. It started to be known in Craiova market thanks to the quality of materials and special finishes, as well as in residential areas from Italy where we supplied different massive and stratified wood. On Craiova market the company has an important contribution to the arrangement of accommodations that are built in the select districts at the moment in the urban and suburban area.

All our products are made on custom order. For each CLIENT there is elaborated a PROJECT THAT MAKES POSSIBLE BUILDING THE JOINERY DEPENDING ON THE HOUSE. Therefore it is structured the arrangement depending on the need, taste and personality of each CLIENT.

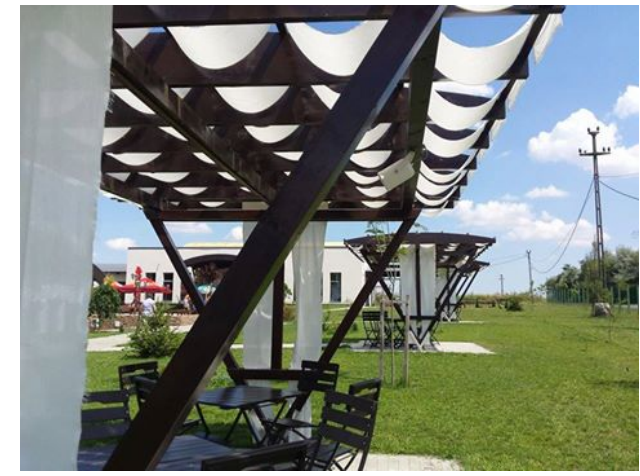

For every interior arrangement there should not be forgotten the ancillaries that complete the esthetic balance and for this purpose we make:

- Inside and exterior doors
- Interior staircases
- Windows
- Pergolas, Fences
- Belfries, Terraces
- Embedment
- Jambs
- Cases for ceilings and wood floor made of different extracts
- Restaurant tables, bars
- Fireproofing of attics and mansard roof: the solutions applied to wood materials have a great resistance to fire, authorized by General Directorate of Fire fighting Bucharest
- Executions of civil and industrial constructions
- Authorized mansards based on an execution and resistance project
