Drilling in ROMANIA

HISTORY

1861 - First oil well drilled

More than 70,000 wells

More than 10 billion BOE at
20% recovery factor

PRESENT

10,000 wells producing 300,000 BOE/day

More than 150 wells drilled/ year

Member of Bega Grup as a private company, Foraj Sonde Craiova provides onshore drilling for oil and gas industry.

With a share capital of USD 22 million, and a total shareholders equity of USD 40.5 million, the company is listed at the Bucharest Stock Exchange - RASDAQ market.

Our priority is to provide integrated onshore drilling and well services with highly experienced personnel and state-of-the-art equipment.

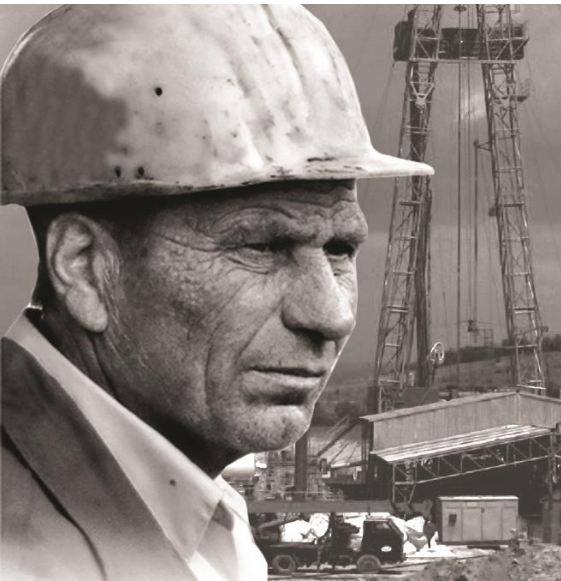

We will be one of the most important players as a drilling services provider in the oil & gas industry through:

- Maximum efficiency
- Long-term partnerships
- HSEQ at the highest standard.

PERSONNEL

Over 60% of our people have been here for a **lifetime**; and this is not because they don't aim to evolve, on the contrary: they have been **evolving together** with and within the company.

MAIN ACTIVITIES

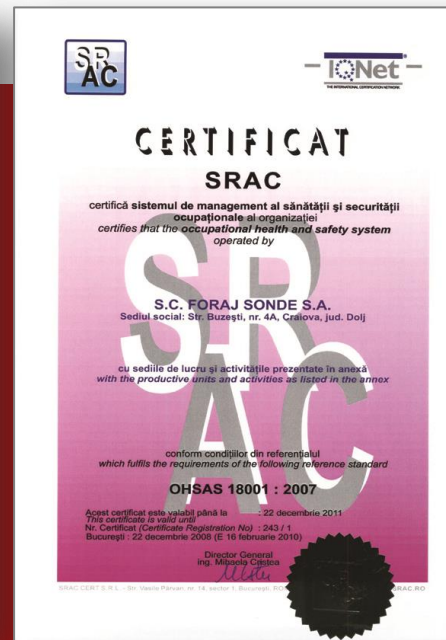

- Onshore drilling
- Workover & well completion
- Engineering & maintenance
- Rig-up & Rig down
- Surface works & land restoration for agricultural use
